Develop shared understanding and empathy

Summarize the data you have gathered related to the people that are impacted by your work. It will help you generate ideas, prioritize features, or discuss decisions.

What do they DO?

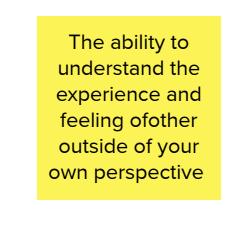

What do they do today?

What behavior have we observed?

What can we imagine them doing?

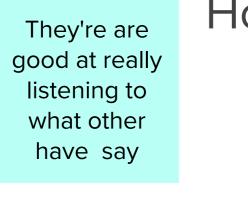

WHO are we empathizing with?

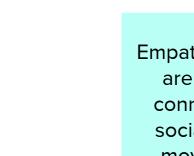

Who is the person we want to understand? What is the situation they are in? What is their role in the situation?

What do they need to DO?

What do they need to do differently? What job(s) do they want or need to get done? They're are good at really listening to what other have say

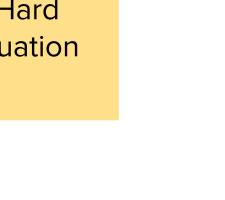

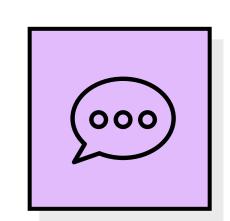

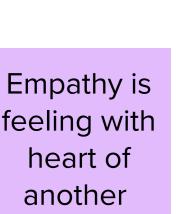

What do they SEE?

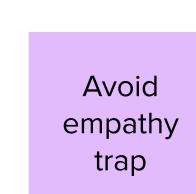

What do they see in the marketplace? What do they see in their immediate environment? What do they see others saying and doing? What are they watching and reading?

What do they SAY?

What have we heard them say? What can we magine them saying?

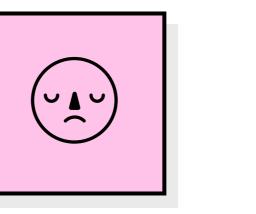

What do they THINK and FEEL?

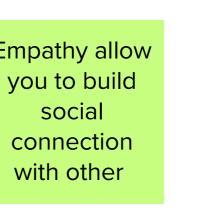

PAINS

What are their fears, frustrations, and anxieties?

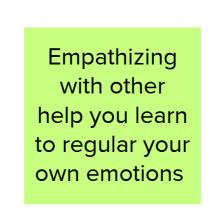

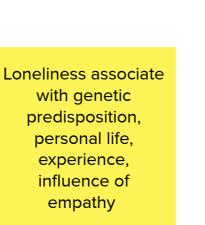

What are their wants, needs, hopes, and dreams?

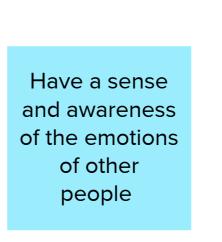

What other thoughts and feelings might influence their behavior?

Use that insight to improve someone else mood and to support challenge situation
